- EMS package with fire extinguisher
- Fire proof automatic touchless ADA steel doors.
- Energy efficient certified
- Winter package
- Steel interior walls with fire retardant
- Steel exterior walls with fire retardant

www.niutoilet.com

### NIU TOILET- NOTE:

- > The following pages show examples of our different models- and ***within each size and model- we offer various configurations and layouts*** and can design a washroom trailer to suit any, and all requirements.
- > The only difference between each unit size and layout- are the number of stations- Mens/Womens/ADA; number of accessories, and the tank sizes.
- > For all quotes- we simply need to know the number of stations, is ADA/handicap required, and if there are city services available.

# The TBOX- Single Unit- Portable or Fixed Washroom

- NIU T-BOX's solid welded steel insulated structure, provides a compact, modern and practical bathroom perfect for both mobile and permanent applications
- Disinfection of the cabin in a few seconds with UV & ULV-C
- Easy to manipulate with a forklift or a crane. The T-BOX can be transported on a trailer, in a truck or in a sea container due to its compact dimensions (5' x 6' x 9' for a weight of 2300lbs.)
- The bathroom is equipped with a ventilation system and a vent to control odors. During the disinfection of the unit by ULV, a perfume of your choice is diffused.
- Optional Remote Monitoring from any device and from anywhere in the world. Optional indoor 4'x6' screen and outdoor 4'x6' wall mounted screen for information and advertisement.

## INFORMATION DASHBOARD T-BOX

### SOLID STEEL STRUCTURE

Solid welded steel structure, insulated for different climates. Equipped with a basic heating system, it can be optionally equipped with air conditioning.

### WASH YOUR HANDS

Combines an automatic tap and hand dryer so you can wash and dry your hands at the basin, made from high grade, solid Brass. Fitted with an anti bacterial HEPA filter to ensure the air used to dry users hands is as clean and hygienic as possible. Low noise with smart air outlet design - The airflow direction and speed has been carefully configured to ensure that there is no excess splashing or spray created and therefore works with a huge range of sinks.

### TRANSPORT AND HANDLING

Easy to move with a forklift or a crane.

The T-BOX can be transported on a trailer, in a truck or in a sea container due to its compact dimensions 5' x 6' x 9', for a weight of 2300 lbs.

### DISINFECTION OF THE CABIN IN A FEW SECONDS WITH ULV

The disinfectant ULV fogger is a quick and easy way to sanitize spaces. Electrolyzed Water Andlyle Disinfectant 80 to 120 times more effective than bleach cleaners to kill harmful pathogens. Non-hazardous, non-toxic and non-WHMIS regulated. Not harmful to plants, animals, marine life or humans. All-natural antimicrobial solution. Environmentally friendly as it's biodegradable and non-accumulative. The key active ingredient, hypochlorous acid, naturally occurs in molecules synthesized from electrolyzed solutions of salt and water. The electrochemically activated solution is rich in oxygen, where pathogens, bacteria and viruses cannot survive.

### FOOT PEDAL FLUSH

Use your foot to flush the toilet bowl. You don't have to touch with your hands

### ODORLESS BATHROOM

The bathroom is equipped with a ventilation system and a vent to control odors. During the disinfection of the unit by ULV, a perfume of your choice is diffused.

### REMOTE MONITORING INDOOR & OUTDOOR SCREEN

Remote monitoring in option and indoor 4' x 6' screen and outdoor 4' x 6' wall mounted for information and commercials.

### BABY CHANGING SEAT

Wall mounted in option.

### WATER CAPACITY

65 gallon fresh water  
110 gallon waste water

COMAC CORPORATION 576 Bd Industriel, Saint-Eustache, QC, J7R 5V3, Canada T: 1 855 550-0303
